BT1100
Bulldog

The second you set eyes upon the Bulldog you'll know that this is the one for you.

Settle into the comfortable seat and you're going to feel just right. And as soon as you fire the handsome 1,063 cc V-twin shaft drive engine into life you had better get ready to experience an unrivalled sense of total freedom that's unique to motorcycling.

Open the throttle and you'll feel the BT1100's relaxed high-torque power take you effortlessly to wherever you want to go. And for a truly luxurious ride, solo or with a passenger, this head-turning machine features smooth-action front forks and Monocross rear suspension.

Fully equipped with class-leading brakes, a stainless steel exhaust system and a wide range of high quality components, this state of the art machine is going to add a whole new dimension to your life.

Bulldog

features

Shaft drive

The 1,063 cc V-twin engine is equipped with a clean, quiet and reliable shaft drive system that ensures maximum riding pleasure together with minimum routine maintenance.

R1-type front brakes

For smooth, powerful and progressive stopping power this high-quality machine is equipped with dual 298 mm floating front discs and lightweight one-piece 4-pot calipers similar to those used on Yamaha's famous R-Series supersport models.

Stainless steel exhaust

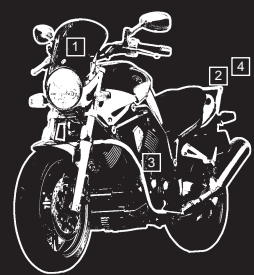

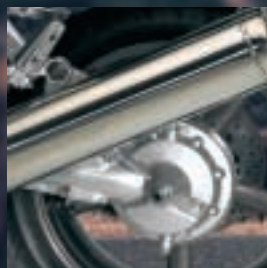

Everything about this charismatic machine oozes quality, including the beautifully crafted stainless steel exhaust system. Big-bore header pipes flow into dual upswept silencers that sound great and also offer generous cornering clearance.

Instrumentation

The Bulldog's typically understated instrumentation features a single speedometer dial incorporating a clock, fuel gauge and array of clearly marked indicator lights within its face.

Underseat storage space

Beneath the luxurious dual seat you'll find a useful weatherproof storage compartment that's the perfect place for carrying various personal belongings.

1 Flip-up windscreen

As well as featuring an attractive smoke tint the optional flip-up screen is also 90 mm taller than the standard screen and offers improved wind protection for enhanced rider comfort.

2 Luggage carrier

Designed to fit perfectly to the chassis, and fully equipped with convenient luggage hooks, this stylish satin chrome luggage carrier is ideal for transporting smaller loads up to 5 kg.

3 Engine guard set

Manufactured from heavy duty tubing and featuring a high quality satin chrome finish, the optional engine guards look great and help protect the big V-twin engine.

4 Top case

Equipped with a convenient carrying handle and lock, Yamaha's attractive 33 litre topcase increases the Bulldog's carrying capacity, and is a must for riders who use their machine for commuting or touring.
